

Using LISTMap to share spatial details of project activities

1. Use the orange Tools dropdown at top left of screen to open the Drawing Tools toolbar

2. Use the pen tools to draw any

Points

Lines (double-click to end the line) or

Polygons (double-click to close the shape) you need

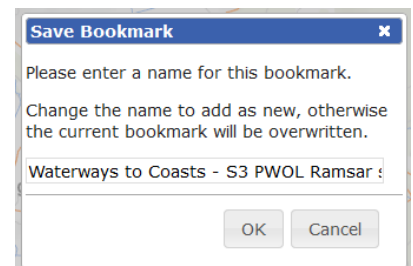

3. Use the Text tool  to make notes explaining the features you have drawn

4. Use the orange Tools dropdown at top left of screen to open the Map Tools toolbar

5. Use the Add Bookmark tool  to create a shareable bookmark of your map

6. Enter a bookmark name to save the bookmark using your project filing format
(e.g. *Sub Project - Activity Code - Activity Description*)

7. Use the Open Bookmarks tool  to see your saved bookmarks

8. Use the Email icon  to share your map with your project administrator.

9. Congratulations, you're now a LISTMap-maestro!
