

Small Farm Planning Program November - December 2018

**Do you own a small property of up to 100 hectares?
Do you want to improve your decision-making skills?
Would you like to get the best out of your land?**

NRM South is running a 'Small Farm Planning Program' in the Huon and Channel region between November and December 2018. A property management plan can help to sort through the decisions to create the property that you want. If you've just bought a small farm or have had it a while but don't know where to start; need help prioritising a long list of jobs or wondering 'how many animals can I have?' or 'how do I manage my weed problem?', then consider a property management plan.

THE PROGRAM CONTENT WILL INCLUDE:

- Five workshops delivered by experts on a range of subjects from grazing to weed control
- A wealth of information on land management with experts on-hand to bounce ideas off
- A workbook and group session support to develop individual property management plans
- Personalised property maps/aerial photographs

THIS PROGRAM CAN HELP YOU TO IDENTIFY:

- Your property's assets, land capability and management requirements
- Your property vision and goals relating to lifestyle, family, environmental and financial aspirations
- Your key resources and risks
- Your key priorities and how you are going to implement them

Further Information

If you would like more information on the program, please contact Tim Ackroyd NRM South Project Officer on 0400 047 665 or email tackroyd@nrmsouth.org.au

All participants must complete an Expression of Interest form. The form can be completed online or downloaded from the NRM South website: www.nrmsouth.org.au. Completed forms can be emailed to tackroyd@nrmsouth.org.au

Applications close 5pm, October 8th, 2018
